What Our Happy Customer Says

At Simbaa Playzone, we're proud to have created a space where both kids and parents can enjoy a fun and safe environment. But don't just take our word for it! Here's what our delighted customers have to say about their experiences with us:

Sneha Nayyar

We had two parties in a month. Both parties were a success. The guests were happy and the food was good. The whole management of the place, Decorations and timings were great. The party add ons were so well managed and the kids thoroughly enjoyed even the adults. The food was really good, they were so kind and friendly and also managed gluten-free and sugar free options were also there. Over all the experience has been good. Yes we can go back again in future.

Subhir Biswas

There are several playing items for the kids. Moreover, there is also a small place adjacent to the playing arena where small birthday parties can be arranged for.

Santanu Samanta

Excellent service. Superb coordination. Overall experience is fantastic. I should mention the name of the person Mr. Rahul who has given his best effort to make my daughter birthday party a grand success.

Debabrata Biswas

A very nice place for kids. 4th floor in Acropolis mall, kasba. Time bound package available.
It's fun for kids. Many play items are available.
Coffee and snack counters are also there for parents and kids. The price of the snacks and beverages are a little high as per my personal opinion.
Can celebrate a birthday party there also.
Overall a great experience.
